

The Annual Quality Assurance Report (AQAR) of the IQAC (2016-17)

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)

Annexure III: Best Practices

Practice –I

Title of Practice: Instalments for college fees

Goals:

- (1) To bring economically backward students in education stream.
- (2) To encourage poor students to continue education.

The context: This scheme was introduced with the sole objective that education cannot be stopped due to lack financial support. Most of the students from economically backwards are unable to pay admission fees of college so that they will be away from educational canal. To bring them in again back to education we have implemented this scheme.

The Practice: The needs of students are received in the following manner.

The college gets information from poor students or student approach to college with their problem about fees. Then ask them to write formal application to Principal for demanding the instalment in their fees. The principal allows the student if he is needy on to pay fees in instalments.

Evidence of Success: The college has taken a large number of initiatives for benefitting poor students. This year

- (1) In B.Sc. I Biotech 22 students, B.Sc. II 23 students and in B.Sc. III 27 students gets benefit of fees instalment.
- (2) In M.Sc. I Biotech 22 students, M.Sc. II 05 students gets benefit of fees instalment.
- (3) In B.Com. I 09 students, B.Com. II 05 students and in B.Com. III 02 students get benefit of fees instalment.
- (4) In B.A. I 16 students, B.A. II 01 student and in B.A. III 01 student gets benefit of fees instalment.

Resources Required: Management permission to allow instalment in fees. The college seed money to be used for various purposes until complete fees collected from students.

Obstacles faced/Problems encountered:

Students should be reminded repetitively to pay their instalments on time. As some students unable to repay the next instalment on time, sometimes college will suffer from insufficient fund required for smooth functioning in college. So college requires mobilizing their funds from different account heading for temporary basis. .

Practice –II

Title of Practice:Haemoglobin (Hb) check-up camp for girls

Goals:

- (1) To eradicate anaemia, a common condition in females.
- (2) To make aware about health in girl students.

The context: This practice was introduced with the sole objective that haemoglobin content in girls is most of time is less and which can often leads to anaemia. After puberty, girls are at more risk of iron deficiency anaemia than guys are. So to prevent anaemia condition it is necessity to know the haemoglobin content in girls. So we aimed to check Hb of girls in college and if necessary provide medical assistance to increase Hb content.

The Practice: The practice done in the following manner.

On the occasion of Birth Anniversary of our college founder Late. Shri. V. G. Shivdare, college organized various activities in college. One of the activities is Hb check-up camp in college campus in month of August every year.

The notice is displayed on notice board about check-up camp well in advance. One the day of event the Hb of girls is checked. The partner to check Hb is Family Planning Association of India, Solapur Branch. Then after finalizing Hb check-up girls are informed about their Hb content. Some of the girls with low Hb are intimated with their parents to take measures to increase Hb content. College also provides Doctors help to guide our students with same problem.

Evidence of Success: The college has taken a good initiatives regarding health of girl students. This year

- (1) A total of 319 number of girl along with ladies staff students get check-up for Hb content.
- (2) Out of these 106 girls are from our V. G. shivdare College and remaining from our sisterly institutes
- (3) The college prepared the diet plan for those girls to increase Hb content with the help of local consult doctor.

Resources Required:To carry out this practise we require the facility to check Hb content such as hemoglobinometer and trained person to check Hb. We require consult a doctor to advice diet plant for girls with low Hb content.

Obstacles faced/Problems encountered:

Some of the time the girls fear to check-up, so need the good counselling for them to make ready for test. Awareness about Hb content and anaemia is less in college girls. So responsibility is given to ladies staff to make aware the girl student about it.

Annexure IV: SWOC Analysis

The institution conducted an internal SWOC analysis based on Cloud Analysis and identified its strengths, weaknesses, opportunities and threats and is devising plans for future developments accordingly.

Strength:

- Young staff with average age below 35 years
- Active Parent and counselling cell
- Personality Development Programme for all the students
- Well-equipped laboratories
- Enriched and ICT based library
- Excellent sports facilities
- Placement cell
- No ragging incidence till date
- Active IQAC
- A good infrastructure
- Education at a low cost
- Nationally recognized for providing high quality education

Weakness:

- Deficiency of Qualified (As per UGC & University norms) staff
- Insufficient infrastructure for new courses
- English communication gap at First Semester due to rural back ground of students
- Deficiency of Gymkhana

Opportunity:

- Faculty can perform Industrial consultancy
- Automated office and admission process
- Online assignments and projects
- Online teaching materials
- To conduct Faculty development programs.

Challenges:

- Time constraint with limited number of staff to have rapport with industry and burden of research activities.
- Run extra and remedial classes due to Shortage of permanent staff / Faculty.
- Challenges regarding training the new faculty (Ad-hoc) due to frequent personnel turnover every year.
- Finding time slots to introduce short term courses.
- Motivating students to give more time to develop English language skills.
- Competitions and growth of education institutions
- Free education within the context of increasing trends of e-learning
