Once the admissions are done, the management, clerical and accounts department takes care of getting the scholarship or freeship forms should be filled up within time. For this the college informs the students by giving the notice.

The list of students is made and cross checked. If any of the students fails to fill up the form the college makes every effort to communicate the student for filling up the Scholarship or free ship form.

The students are guided in every possible way for the correct filling up of these forms.

The link of Government of Maharashtra that is, <http://mahadbtmahait.gov.in> is provided to the students where they can fill up this form.

The necessary documents required to be attached with these forms are verified by the college well in advance to avoid the 11<sup>th</sup> hour issues to the students.

The students are advised in advance to open their account in nationalized account the details of which they are required to provide with above said forms.

Thus, the college helps the students to get the financial assistance which could otherwise become the barrier for student belonging to poor financial condition.

Being a permanent non-grant college the college raises the funds from the fees thus collected and use it for student welfare.

Ref. No. VGS/Int.107/2022-23

Date : 24/09/2022

*Policy document of V.G. Shivdare College of Arts, Commerce and Science, Solapur for award of Institutional Financial Support (Fee Waiver Scheme)*

The students belonging to reserved caste and the ones belonging to financially weaker backgrounds get the benefit in fees from the government. However there are many students that cannot justify both the above conditions and so, remain deprived of financial support. Such students are in need of financial support which is provided to them by the college through the institutional financial support i.e. fee waiver scheme. The unreserved students under this scheme were given nearly 15% concession which has saved their money more than Rs.7500/- during the year 2013-2020.

Apart from this, the college also allows the students to pay the fees in installments so that none of the students remains away from taking admission just because of lack of money.

Our college runs a scheme called "Poor Students fund" wherein the students not getting any financial support from the Government schemes are provided with the funds from the college.

The mentor of the respective class informs the students about this scheme in the class. The student eligible for getting benefits under this scheme writes the request letter addressed to the Principal of the college for getting the amount.

The letters are carefully taken into consideration, and facts of the financial background of the student are verified by enquiring about the student to their close friends and mentors.

After verification, the amount is handed over to the students and the receiving proofs are kept with the college for the record.
