7.1.11 The Institution has prescribed code of conduct for students, teachers, administration

CODE OF ETHICS

V.G. Shivdare College is affiliated to Purnashlok Ahilyadevi Holkar Solapur University, Solapur (Previously known as Solapur University, Solapur). The Code of Ethics followed by Purnashlok Ahilyadevi Holkar Solapur University as per UGC guidelines is mandatory to this college.

The research activities carried out at V.G. Shivdare College are mainly aimed to inculcate scientific temperament and innovative approach in students and researchers. At the same time the Institute is also aware of the possible malpractices in research and adverse impact of the improperly or non-scientifically practiced approach towards research. Considering the same the Institutional Research Committee has set the code of ethics for conducting research at V.G. Shivdare College of Arts, Commerce & Science, Solapur in accordance with Purnashlok Ahilyadevi Holkar Solapur University and UGC guidelines. This code of ethics for research has been developed to implement the importance of truthfulness and reliability in all research and project work carried out at V.G. Shivdare College of Arts, Commerce & Science, and Solapur.

The aim of the code of conduct is to ensure that all research activities involving biological agents, toxins, hazardous chemicals are only of types and in quantities that have justification for prophylactic, protective or other constructive purposes. In order to prevent the misuse of scientific and academic research for any purposes all the concerned persons of institute should abide by this code of conduct which are governed by the following principles:

- 1) **Principles of non malpractices:** It is ensured that the discoveries of biomedical research scientists and knowledge generated do not harm humans, animals, plants and environment.
- 2) **Principle of safety:** Undertaking due precautions to protect self and others from any harmful effects and reporting immediately to concerned authorities if any inconvenient incident happens or is likely to happen.
- 3) **Principle of integrity:** Practicing original research with honesty and professionalism in respect of actions in any research work, project work, study or tour report and assignment undertaken.

CODE OF CONDUCT
